A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." E. B. Longwell.

MORE RAILROAD NEWS.

Pere Marquette Short Line to be Pushed to Completion.

The Kalamazoo Telegraph of Monday contained the following interesting railroad news, verifying what has already been published in The True Northerner: "The Pere Marquette railroad is rapidly perfecting plans to establish a trunk line between Chicago and Buffalo, to compete directly with the Michigan Central railroad for freight and passenger business, and recent rumors as to the details of the plan seem to have substantial foundation.

"At present, the Pere Marquette has no direct line between Chicago and Detroit, being obliged to run its trains by way of Grand Rapids, many miles out of the way. The scheme therefore, involves the purchase of certain roads and the building of connecting links.

"An official of the Big Four railroad, who says that the Pere Marquette is making no secret of its plans, gives to the Evening Telegraph the details of the project which the Pere Marquette is working out. As was recently announced the Pere Marquette has bought the Milwaukee, Benton Harbor & Columbus and the South Haven & Eastern roads. Representatives of all these roads will meet in Detroit Thursday to confirm the sale and the Pere Marquette will take possession of the roads April 1.

"It is the plan of the Pere Marquette to build a line from Hammond, Indiana, to New Buffalo. Entrance from Hammond to Chicago is said to have been already obtained. Work on the Hammond link is already under way. From New Buffalo, trains will be run over the present Pere Marquette track to Hartford, thence over the South Haven & Eastern to Paw Paw. A link will be built from Paw Paw to Kalamazoo. If the Pere Marquette can buy the Chicago, Kalamazoo & Saginaw, it is said trains will be run from Kalamazoo to Woodbury over that route, giving connection at the latter point with the Pere Marquette system. If the Chicago, Kalamazoo & Saginaw cannot be bought, the Pere Marquette will build a parallel, making Grand Ledge the terminus. At any rate the route will be shortened between Detroit and Chicago many miles and the line practically will be about the same length as that of the Michigan Central.

"Harry C. Potter, general manager of the Chicago, Kalamazoo & Saginaw road said this morning that no negotiations were pending for the sale of the road to the Pere Marquette.

"At the same time the Big Four official who gives the information, intimated that the Pere Marquette people were very hopeful of getting possession of the Chicago, Kalamazoo & Saginaw. Whichever detail is worked out, however, it is announced that the Pere Marquette will push the work of building the necessary links."

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. South Haven Postoffice.

The South Haven Sentinel published the statement Wednesday morning that the fight over the postoffice in that city had been ended by the reappointment of Miss Dora Delamere. Any appointment of Miss Delamere is merely a provisional one, and no recommendation has yet been made by Congressman Hamilton.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture is the same as the one on the label is on the wrapper of every bottle of Emulsion you buy.
